This approach will improve efficiency in the business processes, accessibility of services, response time and controls, tighten security, reduce leakages, increase reach and improve impact

2.3 The solution offered should be suitable for deployment across the social development sector.

2.4 The number of the evouchers required cannot be predetermined, as the demand is linked to the need and the poverty levels across the country as well as annual available budget.

3. REQUEST FOR INFORMATION AND EXPECTED DELIVARABLES.

3.1 The South African Social Security Agency is requesting information (RFI) from adequately resourced available market players who can provide and issue an evoucher solution for approved SASSA beneficiaries of Social Relief of Distress. Furthermore, interested respondents are expected to provide budgetary pricing

Information on the solution which will assist SASSA with the procurement of the SRD voucher solution, should this be pursued.

- 3.2 The solution should be able to integrate with different mobile network operators using multiple channels which could be WHATSAPP, SMS, Email, etc whilst being open to multi-stakeholder integration to maximize reach and scale.

- 4.4 Issue vouchers to approved beneficiaries through multiple platforms, to ensure that even those without smart phones or other electronic devices can access the service
